## School Overview

Sunshine Beach has a strong focus on supporting each learner to achieve their optimum in a challenging yet supportive environment. Within this context our learners achieve excellent student learning outcomes through the provision of quality teaching by our dedicated teachers and support staff.

Sunshine Beach SS has undertaken a thorough accreditation process by the Glasser Institute and as a result achieved 'Quality School' status. This ongoing accreditation involves external assessment to ensure that quality curriculum, teaching and relationships amongst staff, learners and school community are embedded across the entire school. We now support other schools' development in this extremely important central facet of our school's philosophy.

Another element of a quality school is the enjoyment that learners and staff should experience at school. School should be fun, and learning is fun at Sunshine Beach! At Sunshine Beach State School we hold a view of curriculum as the sum total of all the learner experiences at school and is therefore much more than the academic curriculum. Through our focus on supporting the development of the whole child, we ensure what a learner experiences at school is aligned to achieving the desired quality learner outcomes. These learner outcomes are articulated by the Sunshine Seven: 1. Competent, skilled learner 2. Life-long learner 3. Effective communicator 4. Creative, critical thinker 5. Happy, confident, self-managed individual 6. Socially responsible citizen 7. Environmentally responsible citizen.

Our learners are great kids and to optimise learning we provide a comprehensive educational experience through the successful delivery of a balanced program involving the eight Key Learning Areas. Utilising these syllabi, our staff prepare class programs that are relevant and engaging. To optimise achievement our teachers offer individualised learner programs in the core aspects of Literacy and Numeracy. This ensures that learners are armed with the necessary basic skills to engage in the broader curriculum. Our learners perform in a number of areas and these have included significant achievement in National Testing in addition to success in Australian Literacy, Numeracy and Science competitions. Our school offers excellence in sport and we achieve many successes in sporting events. Through an inclusive approach we ensure all learners have access to this important aspect of the curriculum. Those with a greater interest have additional opportunities to participate in many sporting events including touch football, water polo and netball. Learners can also access extra-curricular activities such as Choir, Drama, Musical Theatre, Instrumental Music and Strings, Surfing, Chess and extension programs in Literature, Mathematics and Writing.

Sunshine Beach is accredited by Education Queensland to accept international students. We are fortunate to experience the cultural diversity they bring to our school.

## Principal's Foreword

### Introduction

At Sunshine Beach State School we are extremely proud of our school community, very high student achievement results and the development of the whole child through a focus on individual progress.

Throughout 2017, state wide testing data provided a snapshot of students operating at a level above their counterparts across the nation in all areas of literacy and numeracy. Throughout the year, all teachers have been coached and students supported to achieve their potential through the whole school programs, increasing teacher and teacher aide support to align and target areas of numeracy and spelling. Student results are monitored and tracked by both teachers and leaders in the school. The school's priority learning areas of maths, reading and spelling provided a platform to teach, monitor and track progress through a diagnostic approach to learning for all students. A researched based Number Facts project, through a partnership with Sunshine Coast University, proved computational fluency, mental computation and reasoning in Sunshine Beach maths results exceeded outcomes in other regional schools. An Academic Talent Program was expanded to provide programs and opportunities to top performing students. This was further enhanced throughout the year with a strengthening partnership and student opportunities at Sunshine Beach State High School.

Sunshine Beach is an internationally accredited school which is characterised by a rich diverse school culture. New families are warmly welcomed into the multi-cultural Sunshine family. Throughout the year opportunities have been sought to market and expand this program as well as build solid partnerships with the local state high school and Lexis College Noosa. In 2017 international student enrolment continued to grow.

Sunshine Beach is an accredited Glasser Quality School. Students are taught self-management and awareness of others' needs which shapes a culture which is highly conducive to learning, participation and fun. All staff have been part of endorsing the philosophy at the school after over 20 years and are engaged in learning this philosophy, whilst parents are also offered the opportunity to be involved in workshops to understand Choice Theory. Throughout 2017 all teachers were provided professional development in Choice Theory and Lead Management.

Sunshine Beach State School operates in partnership with a strong, committed and aligned Parents and Citizens Association and local community. The focus of the partnership is on supporting students toward success in many areas, and at Sunshine Beach our focus is on every child and their needs. The school and P&C work well together to build confidence in all aspects of the school's operation.

2017 annual school surveys showed that parents were extremely happy with our school, with 98% of parents satisfied that their child is receiving a good education. Sunshine Beach operates with an open door policy and values the involvement of parents and volunteers. The engagement of parents as partners in education is very important at Sunshine and we continually look for ways to offer parents more opportunities to be involved in school life, whilst opening opportunities for families to see Sunshine Beach State School. One fine example of this is the refined Prep Transition Program expanded in 2017 to include a Bush playgroup. This program offers opportunities for new families to be involved in school life more than twelve months prior to beginning Prep.

### **School Progress towards its goals in 2017**

Throughout 2017, Sunshine Beach committed to completing the Annual Implementation Plan (AIP) which aligns to the school's Strategic Plan. This plan endorsed the school's priorities for the year and identified strategies to achieve the goals. The AIP sets high targets for student achievement and self-management. The plan also strongly endorses Sunshine Beach's Glasser philosophy and continuing close ties with our parents and wider community.

The school has continued a strong focus on literacy and numeracy with results continuing to exceed national mean scores across most strands of Naplan. The school again committed over \$100 000 from the I4S funding toward a whole school approach to student intervention to benefit every child's learning as well as employing a Gifted and Talented teacher to support extension programs. After school enrichment programs were explored to provide students with access to additional extra curricula activities such as drumming and chess, as well as provide access to school facilities after school hours. Through internal monitoring of student achievement, results showed excellent growth, particularly for our higher performing students.

Sunshine has continued to embed deep practice in all areas of literacy with the implementation of a whole school spelling program. Diagnostic assessment of student achievement continued to show excellent results as the program continues to be supported by dedicated spelling coaches, intervention teachers and teacher aides. Results have continued to show strong improvement, particularly results for students in the upper two bands.

In 2015, a regional Maths project provided a whole school approach to the teaching of mathematics from Prep to Year 6. In 2016 this project was refined to add depth of knowledge and understanding around Number Facts. A whole school program was implemented which included professional development and coaching for teachers, workshops for parents and intervention for students. A regional project officer worked alongside the school maths team, including coaches and Principal, to ensure consistency of program delivery across the whole school, including in-class modelling and coaching. Consistency in horizontal and vertical team planning, diagnostic pre and post test data monitoring of student results, as well as an embedded coaching model has lifted the standard of mathematics across the school. Toward the end of 2016, and moving through 2017, a partnership with Sunshine Coast University was endorsed to measure student knowledge and improvement in Number Facts. The results of this project were outstanding in comparison with schools who haven't adopted this methodology. In 2018, results of this project will be presented at a MERGER conference in New Zealand.

Quality standards based on the AITSL framework continued to be used to define the practice of teachers at Sunshine Beach. These standards formed the basis of professional plans to improve teaching pedagogy. There was a refinement of the performance planning process through a sector model approach with leaders and coaches, to more effectively address staff development and bring about improved student learning outcomes in all classrooms. School marketing opportunities were sought throughout 2017 to expand the enrolment at Sunshine Beach. A marketing team continued their work with local media articles featured regularly showcasing the great work in many aspects of school life. School enrolments grew by a further two classes, including an additional Prep class.

A Prep Transition Program was expanded to align the transition between home and school, and childcare centres and school. Work in local child care centres continued through a two day a week transition officer working with the Principal to improve the opportunities for children and parents prior to the commencement of school. This included Parent Information Sessions, Prep Open Days, child care visits, author visits, child care centre interactions with school and Principal enrolment interviews. This program was marketed through local outlets, school website and social media sites. In 2017, a Bush Playgroup was introduced to encourage young families to become familiar with Sunshine Beach prior to the years of school. This playgroup was supported through paid facilitators, and offered quality organised activities and opportunities for children and families to socialise and enjoy the natural surroundings in the school's permaculture garden.

Parents were valued as very important partners in education. Communication continued to improve through parent workshops for maths and literacy, an improved web based newsletter, social media outlets, online booking and survey systems and expansion of QParents. There were further opportunities to be involved in school life with the expansion of the Prep Transition Program and an enhanced open door policy between home and school.

### **Future Outlook**

The ongoing focus and drive toward a consistent, cohesive and strong curriculum in all areas of spelling, reading, numeracy and science is a key priority for Sunshine Beach in the forthcoming year. This will include consistent approaches to delivery of programs in the classroom, coaching opportunities and measurement of student success. The explicit teaching of spelling and the narrow focus on number facts will be a feature.

The focus on Gifted and Talented students, with quarterly monitoring of all students learning outcomes, will continue to be a focus. Extra curricula activities outside school hours as well as a growing partnership with Sunshine Beach State High School will continue to provide opportunities for our talented students in areas of literacy, numeracy, science, technology and engineering.

Number fluency and deep understanding of numerical concepts will continue through the model of teacher coaching and support, and facilitated team planning to bring about consistency of teaching across the school. Regular moderation of student results and monitoring of achievement will be expanded to include internal and external data, as well as the triangulation of A-E data to give a whole school profile.

Parent engagement programs and strategies to include parents as valued partners in education will be expanded. Opportunities for parent education and work within the school will be explored to maximise these opportunities. Parents as partners through P&C and school expos such as Sunshine Spectacular are important in the promotion of our whole community working together.

The expansion of The Arts is a priority, providing every student from Prep to Year 6 the opportunity to experience all strands of The Arts. This includes a specialist teacher, expanding opportunities for student involvement in instrumental music, school performances and exposure to quality arts productions. The school is working towards a formalised “Arts Excellence Program”

Prep Transition and support for students in their first year of school will continue as a priority and resourcing will be maintained for this program. Results from the parent and child care surveys to drive improvement in this program will bring about refinement in what we do. Marketing and student enrolment growth will continue with the rollout of the marketing plan.

The further endorsement and embedding of practices in teaching Choice Theory and offering opportunities for parents, staff and students to understand the Glasser philosophy is vital.

# Our School at a Glance

## School Profile

**Coeducational or single sex:** Coeducational  
**Independent Public School:** No  
**Year levels offered in 2017:** Prep Year - Year 6

### Student enrolments for this school:

	Total	Girls	Boys	Indigenous	Enrolment Continuity (Feb – Nov)
2015	694	314	380	16	92%
2016	721	323	398	23	92%
2017	773	348	425	21	94%

Student counts are based on the Census (August) enrolment collection.

In 2017, there were no students enrolled in a pre-Prep\*\* program.

\*\* pre-Prep is a kindergarten program for Aboriginal and Torres Strait Islander children, living across 35 Aboriginal and Torres Strait Islander communities, in the year before school (<https://qed.qld.gov.au/earlychildhood/families/pre-prep-indigenous>).

## Characteristics of the Student Body

### Overview

Sunshine Beach State School is situated in Sunshine Beach on the beautiful Sunshine Coast in Queensland. Students attending our school come from a variety of backgrounds with parents and carers employed in small business, the tourism industry, self-employment, the arts areas and professional organisations, businesses and industry. There are a small percentage of Indigenous students who attend our school. International students comprise some 2% with Sunshine Beach being recognised by the Department of Education and Training as an accredited International School. Sunshine Beach is currently working with EQI, Sunshine Beach State High School and Lexis College to improve our market share of international students and expand these programs.

The community is very involved in the education of children and options are continually explored to increase parent participation and engagement in school life. Parents are actively supportive of all activities and volunteer readily at the school. The teaching and paraprofessional staff is highly committed and very experienced, with many of them having worked at the school for many years. The school fosters positive relationships with students, staff, parents, carers and the community through the Choice Theory, Reality Therapy philosophical base.

## Average Class Sizes

The following table shows the average class size information for each phase of schooling.

AVERAGE CLASS SIZES			
Phase	2015	2016	2017
Prep – Year 3	23	23	23
Year 4 – Year 6	27	27	27
Year 7 – Year 10			
Year 11 – Year 12			

## Curriculum Delivery

### Our Approach to Curriculum Delivery

At Sunshine Beach a diagnostic approach to Literacy & Numeracy provides the major focus in every classroom. The whole school spelling program was embedded and a reading program introduced through coaching and support in every class. Students are monitored for their improvement and achievement and individual goals are set each week through teacher release with coaches.

Science is highly valued with advanced opportunities for engagement through quality year level units and extension activities and clubs. Students are encouraged to compete in advanced competitions to show their skills as well as encouraged to be part of the environmental programs in permaculture and Kids in Action.

Italian is offered from Prep to Year 6. This language is transitioned into the local state high school and is valued by parents at our internationally accredited school. Language clubs are offered where expertise exists, to support the culture of the international school and students seeking further opportunities in language development.

An intervention and coaching program operates to support the learning achievement of every child. Student achievement is monitored and supported by extension programs, Individual Curriculum Programs or Intensive Support Programs. It is a goal that every child reaches their potential.

Academically Talented students were mapped and offered extension programs, sourced from within the school and beyond. Such opportunities included: Crest Scholarship program at Sunshine Beach State High School, Sunshine Coast Maths Tournament, Maths Olympiad, Readers Cup and Voices on the Coast literary event and year level extension activities in areas where students required further enrichment. A high skill and interest technology group was formed to support the need for very advanced students. It is supported by a teacher and three talented parents.

Computer labs, smartboards, interactive data walls and iPads support the integrated technology within the classrooms. The school is fully wireless and the purchase of sets of laptops in the upper school and ipads in lower school support and improve the integration of ICT in the classroom. A purpose built Makerspace has begun and will be completed in 2018.

Wakakirri Story/Dance performance was again awarded with recognition at regional level, outperforming other schools in the story category. Sunshine Spectacular was introduced to showcase The Arts to parents and community through a semi-formal event in August.

Music, Performing and Visual Arts featured with a specialist music teacher and strings, woodwind and brass instrumental teachers. The annual Art Show continued and Drama performances and choirs feature on assemblies.

Sport continued to play an important part in school life. Students had the opportunity to gain representation at local, regional, state and national levels, through selection in a variety of individual and team sports. Students consistently gain representation at national level within and outside school sports events.

Choice Theory, Reality Therapy continued to be the philosophical base which underpins all teaching, learning, interactions and relationships.

### **Co-curricular Activities**

The students and community continue to value a wide range of extra-curricular activities both during school hours and after school. Lunchtime and after school activities feature with most teachers and leaders committed to assisting children with interest areas. These included -:

- \* Band and Strings Orchestra
- \* Student Council
- \* Wakakirri
- \* Surfing
- \* Sunshine Singers Choir
- \* Permaculture Garden
- \* Representative Sports at District, Regional, State and Australian Levels
- \* Touch Football Noosa Competition for both boys and girls
- \* Rugby League for both boys and girls
- \* Netball
- \* Swimming
- \* Water Polo
- \* Clubs:
  - Cheerleading
  - Chess
  - Drama
  - Robotics
  - STEM
  - Movies
  - Science
  - Dance
  - Yoga
  - Smiley Face activity room

#### Extra curricula activities

Participation in After School Activities varied depending on the season and availability of tuition, with options including

- \* Athletics
- \* Drumming
- \* Chess
- \* Football of all codes
- \* Tennis

Additional user pays activities after school will continue to be offered into the future.

The school P&C President continues to coach the school tennis teams to success at the annual Brisbane International Tennis finals for Juniors. In 2017 the regional winning team from Sunshine Beach again won the state competition at Brisbane International.

## How Information and Communication Technologies are used to Assist Learning

Throughout 2017 the school continued to plan the procurement of digital devices and replacement schedule to meet STEM requirements and cater for innovation. A 5 year plan was enacted and matched to a budget to encompass hardware purchase and replacement schedule, connectivity and professional development for staff. The school budget committed to over \$60 000 to fully wireless the school and cater for the designated lab of 60 computers and class hardware. The plan for 15 laptops and iPad sets in every classroom was enacted, with locked cabinets and re-charge stations in half the classes across the school.

G&T extension continued through the innovative group tutored weekly by our talented technology team. A group of advanced learners continued to work with a team of three dedicated parents who taught advanced ICT skills to our learners.

A Makerspace was explored, partly funded and will be a priority for further funding through 2018.

Interactive data wall projectors, Smartboards and large touch screens located in every Prep classroom were maintained to continue to integrate technology across the school and offer quality experiences.

## Social Climate

### Overview

The social climate at Sunshine Beach State School has been deliberately designed and developed over many years. It underpins the school's success and the highly respected interrelationships that exist between all members of the school community.

At Sunshine Beach relationships are highly valued. The school community operates on the belief that optimum learning occurs when each individual is happy and self-managed. Sunshine Beach is the only Australian accredited Glasser Quality School and learners, staff, parents and carers work together to make Sunshine Beach "A Good Place to Be". We use a philosophy based on William Glasser's Control Theory, Reality Therapy principles. Our aim is to create the conditions by which each individual will move towards self-management, through understanding themselves and others in relation to the principles of Choice Theory. The principles we want learners to have when they leave Sunshine Beach are for them to be happy, confident, self-managed and socially responsible citizens.

At Sunshine Beach State School we all, staff, learners, parents and carers take responsibility for making our school "A Good Place to Be". Feedback from the school community and learners indicate that this is the case. Issues related to misbehaviour are dealt with through the stages outlined in our Responsible Behaviour Plan which is available on this website. Language based on self-management and sensible and safe choices is taught and used, as well as concepts related to caring for our self, learning, others and the environment. Support for students' welfare and guidance continues to be provided by a school guidance officer, chaplain and a student welfare professional.

The parent satisfaction data below shows a very high approval of the school's operations, with 98% of parents surveyed happy that Sunshine Beach State School is a good school.

## Parent, Student and Staff Satisfaction

### Parent opinion survey

\* Nationally agreed student and parent/caregiver items

# 'Agree' represents the percentage of respondents who Somewhat Agree, Agree or Strongly Agree with the statement.

DW = Data withheld to ensure confidentiality.

## Parent and community engagement

Sunshine Beach operates with a friendly open door policy that ensures parents and carers are very welcome. On any given day, many volunteers and community members can be found working both in and outside of our classrooms. In 2017, the school held an annual International Food Fair. This was supported well by many hard working and dedicated volunteers who contributed to the success. Volunteers Day and P&C Day was recognised to thank these parents and volunteers; teaching staff catered for these morning tea celebrations. An active Parents and Citizens' Association met twice a term during 2017, to discuss school policy and procedures and to promote fundraising, school community and social events. In addition the school operates a school Facebook site which encourages parent communication and information sharing, promotes regular social and community events and offers support to families both new and continuing in the school community. Parent workshops in maths, spelling, reading, Choice Theory and positive parenting were offered in 2017.

## Respectful relationships programs

William Glasser's philosophical research, underpinned by Choice Theory, Reality Therapy and Lead Management training for all staff provides the foundation for a safe and supportive school environment. Parent workshops are offered to support this knowledge at home. Students are reminded of the Sunny Solutions (Ignore, Walk away, Talk friendly, Talk firmly & Seek support) and are continually directed and nurtured toward self-management.

Throughout 2017, work has been completed to survey all members of the school community on their knowledge and commitment to the Glasser philosophy.

The school has developed and implemented a program/or programs that focus on appropriate, respectful, equitable and healthy relationships.

## School Disciplinary Absences

The following table shows the count of incidents for students recommended for each type of school disciplinary absence reported at the school.

SCHOOL DISCIPLINARY ABSENCES			
Type	2015	2016	2017
Short Suspensions – 1 to 10 days	2	8	9
Long Suspensions – 11 to 20 days	0	1	0
Exclusions	0	0	0
Cancellations of Enrolment	0	0	0

## Environmental Footprint

### Reducing the school's environmental footprint

The school operated a grounds committee with a focus on ensuring that the environment is green and in alignment with the natural Noosa biosphere. A 5 year facilities plan has been enacted to ensure adequate planning for future work and costs and a decision was made to change the future facilities operation to give further autonomy to the school through a Direct to Market scheme.

A permaculture garden was expanded in the school where classes actively participated in planting, recycling and mulching on a rotational basis. The budget extended to two paid workers each Tuesday to offer a quality education program. This opportunity was also extended to pre Prep families through the Prep Transition Program. A playgroup was established for pre Prep families to utilise the permaculture garden and facilitate environmentally friendly activities each week. Produce from the permaculture garden is cycled back through the tuckshop and sold to parents and community members on Fridays. The P&C partly funded the wages for a regular parent/teacher to operate this gardening program.

The student council continued a system of recycling of waste paper and were actively involved in expanding the recycling program to include food scraps. They also supported a number of traffic reduction days such as "Walk to School" and "Cycle to School". In addition, students participated in the annual "Kids Teaching Kids" program. In 2018, the Student Council will be exploring Nude Food days to regularly promote the reduction of plastics and waste.

Solar panels and rainwater tanks were in use at the school. Teachers continued to be vigilant in minimizing power wastage.

ENVIRONMENTAL FOOTPRINT INDICATORS		
Years	Electricity kWh	Water kL
2014-2015	188,931	2,097
2015-2016	174,614	2,555
2016-2017	176,412	2,326

The consumption data is compiled from sources including ERM, Ergon reports and utilities data entered into OneSchool by each school. The data provides an indication of the consumption trend in each of the utility categories which impact on the school's environmental footprint.

## School Funding

### School income broken down by funding source

School income, reported by financial year accounting cycle using standardized national methodologies and broken down by funding source is available via the *My School* website at <http://www.myschool.edu.au/>.

To access our income details, click on the *My School* link above. You will then be taken to the *My School* website with the following 'Find a school' text box.

### Find a school

Where it states '**School name**', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the **Terms of Use** and **Privacy Policy** before being given access to the school's *profile* webpage.

School financial information is available by selecting '**School finances**' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of income by funding source.

## Our Staff Profile

### Workforce Composition

#### Staff composition, including Indigenous staff

The 2017 Sunshine Beach staff comprised many experienced staff and a small number of beginning teachers. The school continued as a teacher training school and many student teachers worked alongside experienced staff members. The staff includes many teachers who have extensive international, regional, rural and metropolitan teaching experience. A small percentage of staff were from Indigenous or non-Australian backgrounds. An Indigenous Community worker supported Aboriginal and Torres Strait Islander learners and their families.

2017 WORKFORCE COMPOSITION			
Description	Teaching Staff	Non-Teaching Staff	Indigenous Staff
Headcounts	48	22	<5
Full-time Equivalents	44	17	<5

## Qualification of all teachers

TEACHER* QUALIFICATIONS	
Highest level of qualification	Number of classroom teachers and school leaders at the school
Doctorate	1
Masters	5
Graduate Diploma etc.**	7
Bachelor degree	35
Diploma	
Certificate	

\*Teaching staff includes School Leaders

\*\*Graduate Diploma etc. includes Graduate Diploma, Bachelor Honours Degree, and Graduate Certificate.

## Professional Development

### Expenditure On and Teacher Participation in Professional Development

The total funds expended on teacher professional development in 2017 were \$65,000.

The major professional development initiatives are as follows

The major professional development initiatives are as follows:

- Whole school numeracy coaching to develop consistent planning, teaching methodology, peer coaching and data monitoring
- Spelling and reading coaching
- Staff continued to receive extensive training in our Glasser Choice Theory, Control Theory, and Reality Therapy
- The proportion of the teaching staff involved in professional development activities during 2017 was 100 %.

## Staff Attendance and Retention

### Staff attendance

Description	AVERAGE STAFF ATTENDANCE (%)		
	2015	2016	2017
Staff attendance for permanent and temporary staff and school leaders.	96%	97%	97%

### Proportion of Staff Retained from the Previous School Year

From the end of the previous school year, 93% of staff was retained by the school for the entire 2017.

## Performance of Our Students

## Key Student Outcomes Student Attendance

### Student attendance

The table below shows the attendance information for all students at this school:

STUDENT ATTENDANCE 2017			
Description	2015	2016	2017
The overall attendance rate* for the students at this school (shown as a percentage).	94%	93%	93%
The attendance rate for Indigenous students at this school (shown as a percentage).	90%	86%	88%

\*The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

The overall student attendance rate in 2017 for all Queensland Primary schools was 93%.

AVERAGE STUDENT ATTENDANCE RATE* (%) FOR EACH YEAR LEVEL													
Year Level	Prep	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	Year 7	Year 8	Year 9	Year 10	Year 11	Year 12
2015	94%	95%	92%	95%	93%	94%	93%						
2016	93%	94%	93%	91%	92%	92%	94%						
2017	93%	93%	93%	93%	92%	93%	93%						

\*Attendance rates effectively count attendance for every student for every day of attendance in Semester 1. The student attendance rate is generated by dividing the total of full-days and part-days that students attended, and comparing this to the total of all possible days for students to attend, expressed as a percentage.

DW = Data withheld to ensure confidentiality.

### Student Attendance Distribution

The proportions of students by attendance range:

### Description of how non-attendance is managed by the school

Non-attendance is managed at Sunshine Beach State School, in line with the DETE policies, SMS-PR-029: Managing Student Absences and SMS-PR-036: Roll Marking in State Schools, which outline processes for managing and recording student attendance and absenteeism.

The school continues to take a proactive approach to encouraging and supporting daily attendance by all students at school. Reminders about the importance about regular attendance at school, feature in newsletters and letters home to parents and carers. The Oneschool information management system is used as the means of recording attendance

and the school follows the Department of Education guidelines for compulsory attendance at school. This policy involves discussions with parents and carers of students who have irregular attendance as well as phone calls, discussions and correspondence providing notice about compulsory schooling obligations.

Parents and carers who withdraw their child/ren for holidays or other purposes exceeding 10 days must apply in writing to the principal for exemption from compulsory schooling. Parents are expected to attend an interview to discuss this application.

## NAPLAN

Our reading, writing, spelling, grammar and punctuation, and numeracy results for the Years 3, & 5 are available via the My School website at <http://www.myschool.edu.au/>.

To access our NAPLAN results, click on the My School link above. You will then be taken to the My School website with the following 'Find a school' text box.

### Find a school

The image shows a search form titled "Find a school" with a blue background. It contains the following elements:

- A text input field labeled "School name" with a red "GO" button to its right.
- A text input field labeled "Suburb, town or postcode".
- A "Sector:" label with two checked checkboxes: "Government" and "Non-government".
- A large red "SEARCH" button at the bottom.

Where it states '**School name**', type in the name of the school you wish to view, select the school from the drop-down list and select <GO>. Read and follow the instructions on the next screen; you will be asked to confirm that you are not a robot then by clicking continue, you acknowledge that you have read, accepted and agree to the **Terms of Use** and **Privacy Policy** before being given access to the school's *profile* webpage.

School NAPLAN information is available by selecting '**NAPLAN**' in the menu box in the top left corner of the school's profile webpage. If you are unable to access the internet, please contact the school for a paper copy of our school's NAPLAN results.
