INSTRUMENTAL MUSIC PROGRAM

The Multi Instrumental Program teaches students to play woodwind, brass and percussion instruments such as flute, clarinet, saxophone, trumpet, trombone, euphonium, bass guitar as well as drums and percussion instruments. The program is offered to all students in years 4-6.

The Strings Instrumental Program teaches students to play the violin, viola, cello and double bass. The program is offered to all students in years 3-6.

PERFORMANCE AND EXTENSION OPPORTUNITIES

- Each year, selected music groups perform against other music ensembles at the Sunshine Coast Junior Eisteddfod
- There are two instrumental camps offered to students throughout their time at our school
- Both of these programs offer the opportunity to perform for the school community and the public

PATHWAYS TO MUSIC EXCELLENCE

A strong, purposeful relationship has been established between Sunshine Beach State School and Sunshine Beach State High School (SBSHS).

Nominated students are invited to participate in the middle school Band and Strings programs at SBSHS. Learners in year 6 are also offered the opportunity to audition for a music scholarship to SBSHS.

A music excellence class at SBSHS is designed to encourage the pursuit of excellence in music. Students in this class study music throughout years 7 and 8 and undertake more advanced performing and classroom music activities. Students are also eligible for membership in school ensembles, depending on instruments required.

SUNSHINE BEACH MUSIC PROGRAM

Music education is an integral part of the Australian National Curriculum and is a core learning area in which all learners from Prep to year 6 participate.

ACHIEVING SUCCESS THROUGH MUSIC

At Sunshine Beach State School we believe every child can achieve success through music. A positive and supportive environment is provided to encourage risk taking and active learning.

The classroom music program uses a developmental, sequential and cumulative approach to the teaching and learning of musical skills and concepts.

Students participate in a range of activities including reading, writing, creating, presenting and responding to music through the use of body movement, vocal and instrumental work.

“AH, MUSIC,” HE SAID, WIPING HIS EYES. “A MAGIC BEYOND ALL WE DO HERE!”

J.K. Rowling, Harry Potter and the Sorcerer’s Stone

CHOIR & SUNSHINE SINGERS

Sunshine Singers and Choir members have the opportunity to discover the joy of singing.

Our singing groups build an understanding of the cooperative effort required to develop a good choral performance.

Sunshine Beach singing groups perform at a variety of events including our Anzac Day ceremony, Twilight Fair, our Art Show, assemblies and Music Extravaganza, year 6 graduation, citizenship ceremonies and the Australia wide live stream performance - ‘Music Count Us In’.

EXTRA ARTS OPPORTUNITIES

Drama
Dance
Percussion
Ukulele
Wakakirri

CLASSROOM MUSIC

- Singing is an integral part of each classroom music lesson
- Learners are progressively introduced to a variety of tuned and untuned percussion instruments with which they can explore and create their own music
- Printed and digital media offer sequential learning tasks through which learners build skills and confidence
- Learners are motivated to move freely to music they enjoy: This encourages genuine responses to new and familiar music
