From the Principal

School overview

Sunshine Beach has a strong focus on supporting each learner to achieve their optimum in a challenging yet supportive environment. Within this context our learners achieve excellent student learning outcomes through the provision of quality teaching by our dedicated teachers and support staff. Sunshine Beach SS has undertaken a thorough accreditation process by the Glasser Institute and as a result achieved 'Quality School' status. This ongoing accreditation involves external assessment to ensure that quality curriculum, teaching and relationships amongst staff, learners and school community are embedded across the entire school. We now support other schools' development in this extremely important central facet of our school's philosophy. Another element of a quality school is the enjoyment that learners and staff should experience at school. School should be fun, and learning is fun at Sunshine Beach! At Sunshine Beach State School we hold a view of curriculum as the sum total of all the learner experiences at school and is therefore much more than the academic curriculum. Through our focus on supporting the development of the whole child, we ensure what a learner experiences at school is aligned to achieving the desired quality learner outcomes. These learner outcomes are articulated by the Sunshine Seven: 1. Competent, skilled learner 2. Life-long learner 3. Effective communicator 4. Creative, critical thinker 5. Happy, confident, self-managed individual 6. Socially responsible citizen 7. Environmentally responsible citizen. Our learners are great kids and to optimise learning we provide a comprehensive educational experience through the successful delivery of a balanced program involving the eight Key Learning Areas. Utilising these syllabi, our staff prepare class programs that are relevant and engaging. To optimise achievement our teachers offer individualised learner programs in the core aspects of Literacy and Numeracy. This ensures that learners are armed with the necessary basic skills to engage in the broader curriculum. Our learners perform in a number of areas and these have included significant achievement in National Testing in addition to success in Australian Literacy, Numeracy and Science competitions. Our school offers excellence in sport and we achieve many successes in sporting events. Through an inclusive approach we ensure all learners have access to this important aspect of the curriculum. Those with a greater interest have additional opportunities to participate in many sporting events including touch football, water polo and netball. Learners can also access extra-curricular activities such as Choir, Drama, Musical Theatre, Instrumental Music and Strings, Surfing, Chess and extension programs in Literature, Mathematics and Writing. Sunshine Beach is accredited by Education Queensland to accept international students. We are fortunate to experience the cultural diversity they bring to our school.

The [class size](#) targets for composite classes are informed by the relevant year level target. Where composite classes exist across cohorts (e.g. year 3/4) the class size targets would be the lower cohort target.

Curriculum implementation

The P–12 curriculum, assessment and reporting framework specifies the curriculum, assessment and reporting requirements for all Queensland state schools' principals and staff delivering the curriculum from Prep to Year 12. Further information on school implementation of the framework is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/p-12>.

Extra-curricular activities

Queensland state schools provide a wide range of subjects and extra curricula activities such as sport, art, music and school camps. Further information can be found here <https://www.qld.gov.au/education/schools/information/programs>.

How information and communication technologies are used to assist learning

Information and communication technologies (ICT) are an important part of contemporary schooling. The Australian Curriculum includes ICTs as a general capability across all learning areas, as well as Digital Technologies as a specific learning area. Further information on models used by schools to assist learning is available at <https://education.qld.gov.au/parents-and-carers/school-information/student-ict-device-programs/one-to-one-models>.

Social climate

Overview

Each Queensland state school develops and enacts policies to support an integrated approach to behaviour, learning and teaching.

Our Student Code of Conduct is our school's behaviour policy, with information about school rules, consequences and processes for addressing bullying and the use of technology. A copy of this is available on our school website.

Further information is also available at <https://www.qld.gov.au/education/schools/health>.

Parent and community engagement

Our approach to engaging with parents and the community is aligned to the departments Parent and community engagement framework. The framework helps students, schools, parents and the community to work together to maximise student learning and wellbeing. Research shows parent and community engagement that is effectively focused on student learning can deliver powerful outcomes. Further information is available at <https://education.qld.gov.au/parents-and-carers/community-engagement>

Respectful relationships education programs

Our school has implemented the Respectful relationships education program (RREP) as part of the broad multi-departmental Queensland Government approach to ending domestic and family violence.

The RREP is a Prep to Year 12 prevention program that focuses on influencing behavioural change to build a culture based on equality and respect in our students, staff, parents and wider community, Students are provided opportunities to explore social and emotional learning in self-awareness, self-management, social awareness, relationships, ethics, values, social norms, gender roles, stereotypes, human rights, risk and responsible decision-making. A growing body of evidence shows that social and emotional learning of this nature leads to:

- improved social and emotional skills, self-concept, bonding to school and classroom behaviour
- less disruptive classroom behaviour, aggression, bullying and delinquent acts
- reduced emotional distress such as depression, stress or social withdrawal.

Further information is available at <https://education.qld.gov.au/curriculum/stages-of-schooling/respectful-relationships>

School disciplinary absences

Long suspensions – 11 to 20 days	0	0	0
Exclusions	0	0	0
Cancellations of enrolment	0	0	0

Note:

School disciplinary absences (SDAs) are absences enforced by a school for student conduct that is prejudicial to the good order and management of the school.

Environmental footprint

Reducing this school's environmental footprint

Environmental education has been a feature of Queensland schools for more than 30 years. In many schools it has been creatively and proactively incorporated into the curriculum in each phase of learning, and is also reflected in the school's facilities and in the actions of its principals, teachers and students.

Table 7: Environmental footprint indicators for this school

Utility category	2016–2017	2017–2018	2018–2019
Electricity (kWh)	176,412	180,146	183,228
Water (kL)	2,326	2,291	3,073

Note:

Consumption data is compiled from sources including ERM, Ergon, CS Energy reports and utilities data entered into OneSchool* by schools. The data provides an indication of the consumption trend in each of the utility categories which impact on this school's environmental footprint.

*OneSchool is the department's comprehensive software suite that schools use to run safe, secure, sustainable and consistent reporting and administrative processes.

Qualification of all teachers

The Queensland College of Teachers (QCT) is responsible for ensuring that teaching in Queensland schools is performed by an appropriately qualified person, that has successfully completed either -

- (a) a four-year initial teacher education program including teacher education studies of at least one year (e.g. a Bachelor of Education, or a double Bachelor degree in Science and Teaching) or
- (b) a one-year graduate initial teacher education program following a degree (e.g. a one-year Graduate Diploma of Education (Secondary) after a three-year Bachelor degree) or
- (c) another course of teacher education that the QCT is reasonably satisfied is the equivalent of (a) or (b). These are considered on a case-by-case basis.
